MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science and Technology
Director, Intelligence Community Staff

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: The Inman Report Advisory Panel on
Overseas Security

REFERENCE: DDA 85-2184, dtd 18 June 1985, Same Subject

1. The Director has received his copy of the Inman Report and has asked: "What should I know about this? Have someone give me a reaction and what if anything I should look at." Would you please have the appropriate offices within your Directorate review the report and prepare a concise consolidated response for the DCI. Please send your response to the DDA for consolidation into a single report responding to the DCI's query. We will send you a copy of this final consolidated report.
2. Undersecretary Spiers asked that we limit distribution of the Inman Report because of its sensitivity. Fifteen copies have been distributed within CIA and one to the Intelligence Community Staff. This inhibits its review by all of the components who have interest and will complicate our preparing a prompt response to the Director. I would suggest that you Xerox those portions of the report that will facilitate preparation of your report and destroy them after the report has been prepared.
3. Because of the importance and timeliness of this report to other matters under review by the Agency such as technical security, terrorist threats to international air travel, etc., it is important that we furnish our advice to the Director promptly. Please let us have your comments by 5 July.
